Part 3

Question	Answer	Location	Explain
21	A	Speaker A: I think the tutor allocated us this topic though because of Stone Point's significant historical role. It's been used by both Maori and European settlers as a place to shelter from attack or launch an attack for centuries. Speaker B: Yeah, and the fact it was an ideal place for building a village, it would have been quite a sheltered spot.	- Đáp án là A - Cụm “shelter from attack or launch an attack” → dùng để phòng thủ hoặc tấn công → khớp hoàn toàn với phương án A - B sai vì không có thông tin về “landing point đầu tiên” - C sai vì không nhắc đến “commercial port” - Key word: + shelter from attack (v): trú ẩn khỏi tấn công + launch an attack (v): phát động tấn công
22	B	Speaker A: I suppose the Maori settled there because they thought the volcanic soil would help their crops grow. Speaker B: Well, they would have realised the benefits of the soil after a few good harvests, but initially the fishing opportunities would have been the attraction.	- Đáp án là B - Scott sửa lại ý của Liz: ban đầu họ bị thu hút bởi “fishing opportunities” → nguồn cá - A sai vì soil chỉ là yếu tố sau này - C sai vì không đề cập vật liệu xây dựng - Key word: + initially (adv): ban đầu + fishing opportunities (n): cơ hội đánh bắt cá
23	C	Speaker A: We do have to deal with Stone Point's cultural value for Maori. That's still part of its historical significance, but we need to keep most Maori terminology out of the presentation, otherwise a lot of the international students won't be able to follow us. Speaker B: That's a shame. I'm sure they'd be interested. I mean, I am, but yeah, we wouldn't be able to explain it in the time allowed, so I guess we have to stick to English.	- Đáp án là C - Cả hai thống nhất “keep most Maori terminology out” → nên tránh dùng thuật ngữ Maori - A sai vì họ nói sinh viên quốc tế khó hiểu, không phải quan tâm - B sai vì không phải yêu cầu bắt buộc - Key word: + keep out (v): loại bỏ + terminology (n): thuật ngữ

24	A	Speaker B: It's also been a public park sometimes. I'd prefer to devote more of the presentation to the military use of Stone Point. There are some great websites about the engines they installed. Speaker A: Sorry, I wouldn't go into the technical side if I were you. If you start describing mechanical stuff, people will switch off. I think it's more interesting to look at the impact Stone Point had on the people's lives at the time.	- <i>Đáp án là A</i> - Liz khuyên không nói về kỹ thuật mà nên nói về “impact on people's lives” → khía cạnh con người - B sai vì không nói về kiểm tra ngày tháng - C sai vì Liz muốn tránh technical language chứ không giải thích nó - <i>Key word:</i> + technical side (n): khía cạnh kỹ thuật + impact on people's lives (n): ảnh hưởng đến cuộc sống con người
25	D	Speaker B: For the Early Maori Inhabitation section, we have to look at the material we've used again and make sure we know who the writers were and when they wrote it. Speaker A: Yes, that needs work.	- <i>Đáp án là D</i> - “know who the writers were and when they wrote it” → kiểm tra thông tin tác giả → check author's details - <i>Key word:</i> + writers (n): tác giả + when they wrote (phrase): thời điểm viết
26	B	Speaker A: And for the part about Stone Point being used as a lookout point, I'm sure we can locate some drawings of how Stone Point looked then and the kind of ships coming in. Speaker B: Nice. And what else?	- <i>Đáp án là B</i> - “locate some drawings” → tìm hình ảnh minh họa → find images - <i>Key word:</i> + drawings (n): hình vẽ + locate (v): tìm
27	A	Speaker A: We haven't got a lot of detail for the reconstruction of the fort. We should add some more information about what it was the prisoners were adding to it. Speaker B: Okay, I'll do that bit too.	- <i>Đáp án là A</i> - “add some more information” → bổ sung mô tả → provide further description - <i>Key word:</i> + add information (v): thêm thông tin + detail (n): chi tiết
28	F	Speaker B: So I'll deal with the section regarding the modernisation that happened in the 1930s and 40s. I mean, that's the bit where we have the most visible evidence of historic buildings. Speaker B: I'll ring the Department of Conservation and see if they'll agree to let me film the site.	- <i>Đáp án là F</i> - “see if they'll agree to let me film” → cần xin phép chính thức → obtain official permission - <i>Key word:</i> + agree (v): đồng ý + let me film (phrase): cho phép quay

29	C	Speaker A: Okay. For the 1950s onwards, could you also arrange a meeting with someone from the Department of Conservation to ask them about their restoration work? Speaker B: I could try.	- Đáp án là C - “arrange a meeting with someone” → tương đương set up an interview - Key word: + arrange a meeting (v): sắp xếp cuộc gặp + ask them (v): hỏi họ
30	E	Speaker B: Oh, and just about its use as a public park today. Where is the boundary exactly? Does it go all the way to the beach? Speaker A: Not sure. I'll check that out.	- Đáp án là E - “Where is the boundary exactly?” → cần xác định vị trí chính xác → check the exact location - Key word: + boundary (n): ranh giới + exactly (adv): chính xác

You will hear part of a discussion between two students, Liz from New Zealand and Scott from the UK, who are working on a presentation about a key historical site in New Zealand.

First, you have some time to look at questions 21 to 24 on page 5.

Now listen carefully and answer questions 21 to 24.

Speaker A: Hi Scott, here are my notes. Let's sort this presentation out then.

Speaker B: The first thing I found out about Stone Point is it's an extinct volcanic cone. You probably know that already being a New Zealander.

Speaker A: Yes, and there are two other cones nearby which also overlook the harbour.

Speaker B: Right. Yeah, the first settlers of New Zealand, the Maori, sailed to New Zealand thousands of years after these volcanoes erupted.

Speaker A: I think the tutor allocated us this topic though because of Stone Point's significant historical role. It's been used by both Maori and European settlers as a place to shelter from attack or launch an attack for centuries.

Speaker B: Yeah, and the fact it was an ideal place for building a village, it would have been quite a sheltered spot.

Speaker A: I suppose the Maori settled there because they thought the volcanic soil would help their crops grow.

Speaker B: Well, they would have realised the benefits of the soil after a few good harvests, but initially the fishing opportunities would have been the attraction.
